## Principal Message

Dear Wolves,

We want students to work hard and achieve, but competition and ambition should not be at the expense of mental health. Our kids level of happiness matters, and we want them to enjoy the process of high school. They have busy and complex lives, trying to balance the demands of six classes and extra-curricular activities with teenage pressures around identity, friends and the future.

As we move into the holiday season, we need to remind ourselves that quality relationships can mitigate this stress. We also need to remind ourselves that kids need time to rest and rejuvenate. When we return from break, classes will be ramping up towards finals, but we will continue to support students in maintaining a healthy perspective.

Happy Holidays!

Chris Bede, Principal

Let It Snow by Eastlake's Imagine Club

### Eastlake Club News: Eastlake Imagine Club presents Let it Snow

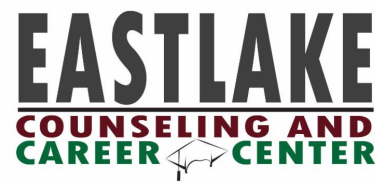

Mathew Ahn, Jessica Birchfield, and Tatum Doke Imagine Club members used stop-motion to create this winter wonderland movie. This movie was shown on the televisions in the Eastlake Commons all week. Imagine Club is a club that allows students to explore different types of animation. This club teaches students ways to create their own animations for free, and also ways animation can be done within the home. It's a great way to express and explore creativity through an art form that is used in today's entertainment, and gives high schoolers an introduction in an area of film and entertainment. The club advisor for the Imagine Club is Rachel Horner. Click on the video above to view.

### National Honor Society Host Food Drive-

Eastlake's National Honor Society held a Food Drive during lunch shifts the week of December 5th to collect food for Hopelink in Redmond. At the end of the week NHS had collected 1,051 pounds or 934 cans of food to donate to families in need during the holiday season. Thank you Eastlake Wolves for your contributions.
