## Principal Message

Dear Wolves,

As May winds into June, students encounter a lot more distractions, but before we can count the year as complete, we want students to understand the importance of finishing strong. That means consistently attending school and remaining attentive in the classroom. That means staying organized and diligent in their work habits. That also means making smart decisions in their personal lives. We need to help our kids find an equilibrium, and maintain that healthy balance between productivity and fun.

Enjoy your weekend and Happy Mothers Day to all Eastlake Moms!

WSPS

### State Testing Starts Next Week

**May 16:** 7:30 -10:20, SBA ELA testing, class for all students will begin at 10:30

**May 22:** 7:30 -10:20, SBA Math testing, class for all students will begin at 10:30

**May 23:** 7:30 -9:45, SBA Math testing, class for all students will begin at 9:50

#### Who needs to take these tests?

**SBA ELA** - 10th grade students and any 11th/12th grade students that have not yet met the proficiency requirement

**SBA Math** - 10th grade students (see note below) and any 11th/12th grade students that have not yet met the proficiency requirement

**Biology EOC** - 10th grade students and any 11th/12th grade students that have not yet met the proficiency requirement.

#### What to Bring to the Test

- Computer and charger
- Earbuds
- Computer mouse (optional)
- Water and a snack
- Book to read when finished

#### Late Bus Route

A late start is being used by the comprehensive high schools to implement the state testing requirements. This schedule is necessary to provide a quality testing environment for students who are working towards their graduation requirements. A late bus run will be provided to ensure students who are not testing can be at school for the start of instruction during these days. This secondary bus route will be 2.5 hours later than the primary bus route. So, if your son/daughter normally meets the bus at 6:30 am, they will meet the secondary route at 9:00 am. If students are participating in the State tests, they should take their normal bus at the normal time. The weekly schedules for these tests can be found on the Eastlake website in the [Daily Schedule](#) tab.

#### Tenth grade students may access the Math SBA

The class of 2019 is the first class that has the SBA Math test as a graduation requirement. 10th grade (2019) students may now also take the Smarter Balanced math assessment instead of waiting until the 11th grade. The Mathematics Smarter Balanced Assessment is designed for students who are completing or have already completed an Algebra 2 course. Grade 10 students that have not completed this level of math instruction would be at a disadvantage and may want to consider waiting until the 11th grade year to attempt the exam for the first time. Students who score a 3 or 4 on the SBA as a 10th grader will not need to take that exam during their 11th grade year.

For questions about the testing schedule please contact Scott Sartorius.
