

Skyward Student Access

Students can log into Skyward to view their grades, choose courses, download standardized test scores, and more. Here are the steps for students to follow:

1. Double-click the **Skyward icon** on the desktop of a district device, or open a web browser and go to www.lwsd.org
2. Click the **Students & Families tab** at the top of the LWSD homepage.
3. Click the **Skyward Student Access/Family Access** link
4. Enter their [username and password](#) (this is the same username s- and password they use to log into their laptop) and log in, or click **Forgot user/password**

The screenshot shows the Skyward login interface. At the top is the Skyward logo, followed by the text "LAKE WASHINGTON SCHOOL DISTRICT" and a notice: "**Starting August 15, STUDENT Login IDs will change to be a student's computer login.**". Below this are input fields for "Login ID:" (containing "s-kren") and "Password:" (masked with dots). A "Sign In" button is to the right of the password field. Below the button is a link "Forgot your Login/Password?". In the bottom right corner of the login area is the version number "05.22.06.00.05". At the very bottom, there is a "Login Area:" label and a dropdown menu currently showing "Family/Student Access".

Note: Students may need to disable the popup blocker on their web browser and click Ok to continue.

Note: When students change their laptop password as required every 90 days this change will not automatically translate to Skyward
