

Cheers to You, Class of 2020!

Our traditional Destination Day celebration is virtual this year with a video compilation of plans spanning college, technical school, the military, apprenticeship, gap year, service projects and jobs,

Your submissions included 100+ destinations with Wolves heading near, far, and everywhere in between. Even if you're still making plans or didn't have a chance to submit, know that we see and celebrate you!

We've also assembled your many destinations into two colorful banners to be displayed at Eastlake. The patchwork of paths are as unique as you are.

Remember that success is not a destination but a journey. Your next step is just the beginning of many exciting stops after Eastlake. Savor the trip, remember you are loved, and don't be a stranger.

We are so proud of you!
With love,
Your Eastlake Family

Thank you for graciousness as we rallied a solution. #WSPS*
