Add UW in the College Information Section

Add your Eastlake UW in the High School class in the appropriate 9th/10th/11th or 12th grade Coursework sections.

Record the course using quarters, the numerical UW grading scale, and (for a 9th/10th/11th grade class) the grade that appears on your UW transcript. Here is an example of a 10th grade UW in the High School class. 12th grade classes would look similar to this in the 12th grade coursework section.
