AP Art Drawing and 2D Design

Introduction
And
Summer Assignments

About Advanced Placement Art

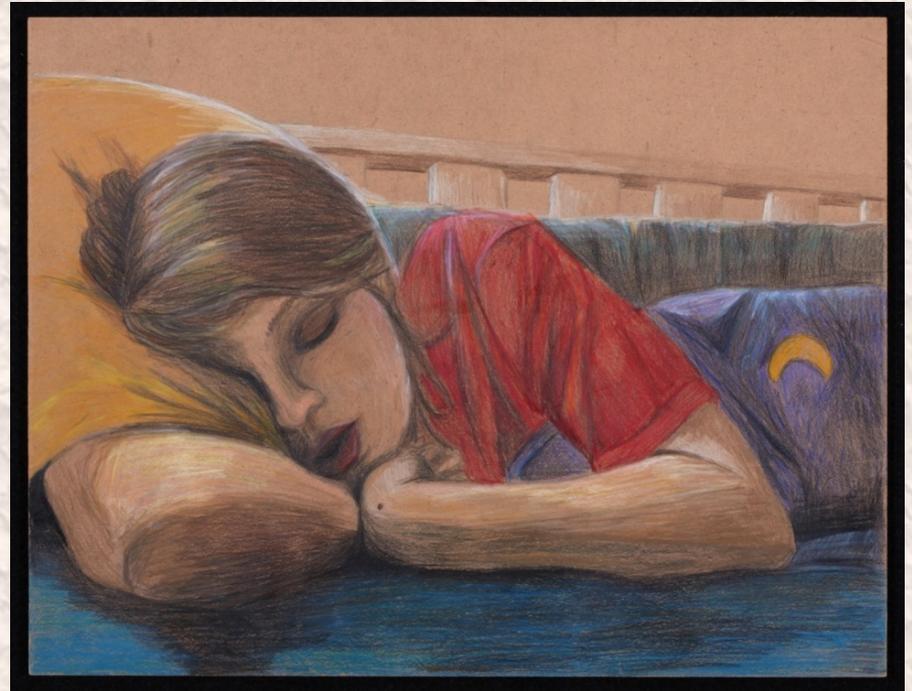

- This is a college level course. Depending of your choice of school, you may be exempted from a beginning level drawing course.
- You will need to work the full period daily and some weekends.
- You will be working from observation, personal photos and your imagination.

Bring your Summer Assignments the first day of school

- The highest grade you may receive on these assignments if you do not bring your 4 pieces on the first day is a C.
- If your work is incomplete, it's better to bring it anyway. You may have an opportunity to revise your work for regrading later.
- Being responsible and making deadlines is part of being a working artist.

Self-portraits

Personal style

- Show off your personality in your work
- Choose a medium that you feel confident with
- Use a good clear reference

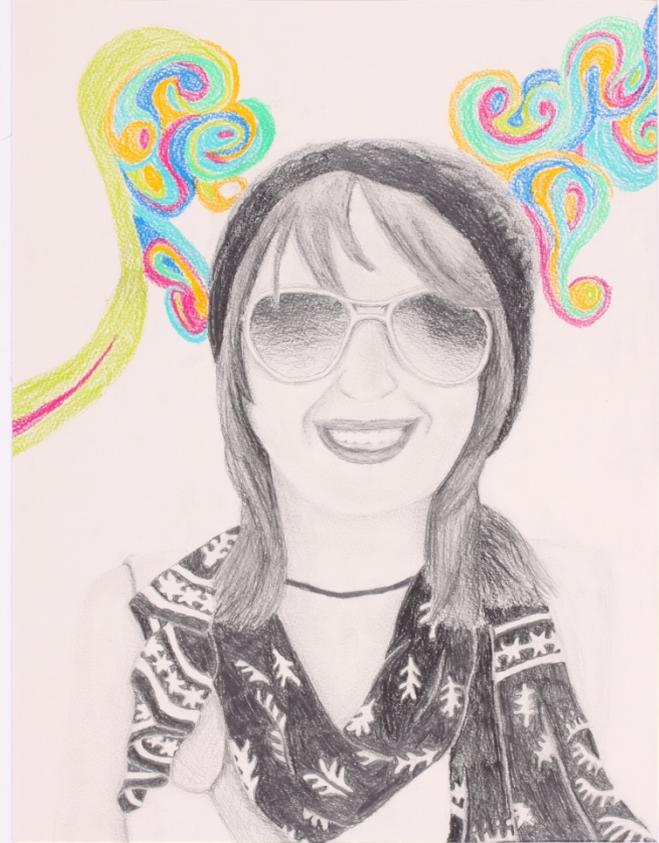

Working from a photo

Color contrast impact

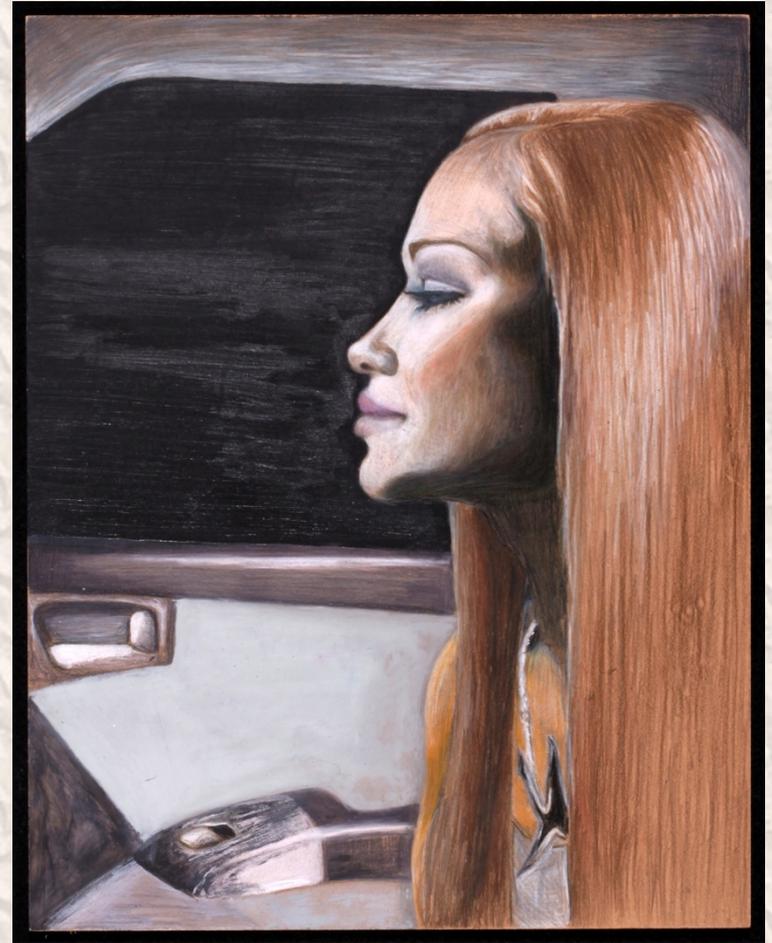

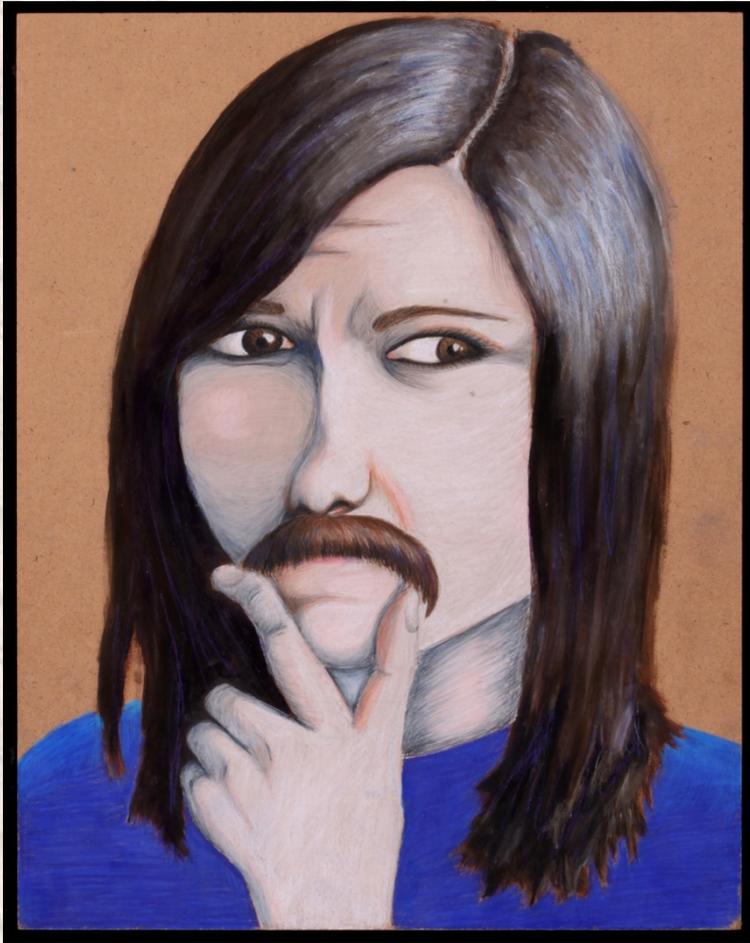

Color and texture

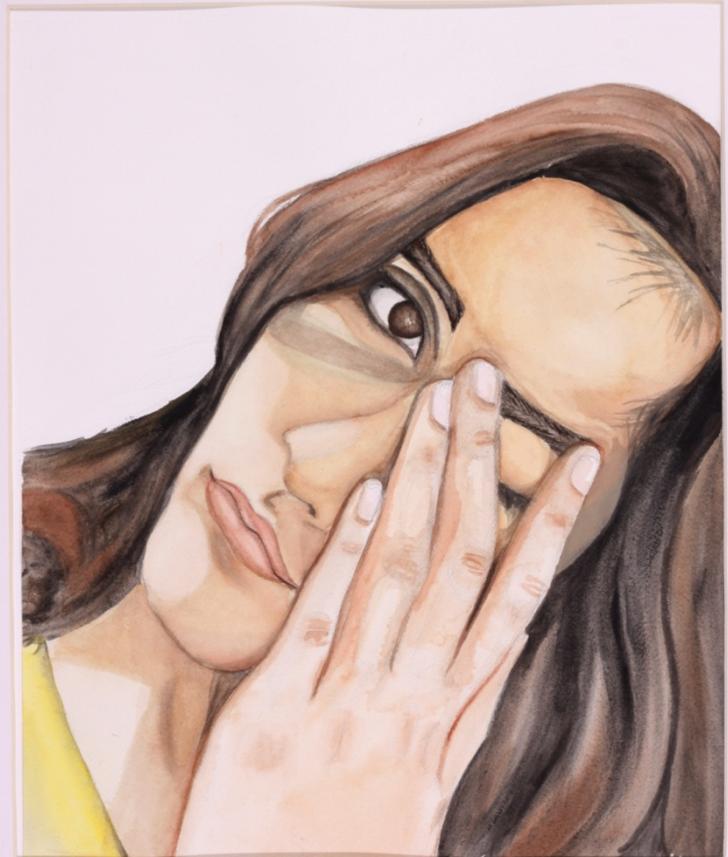

Composition

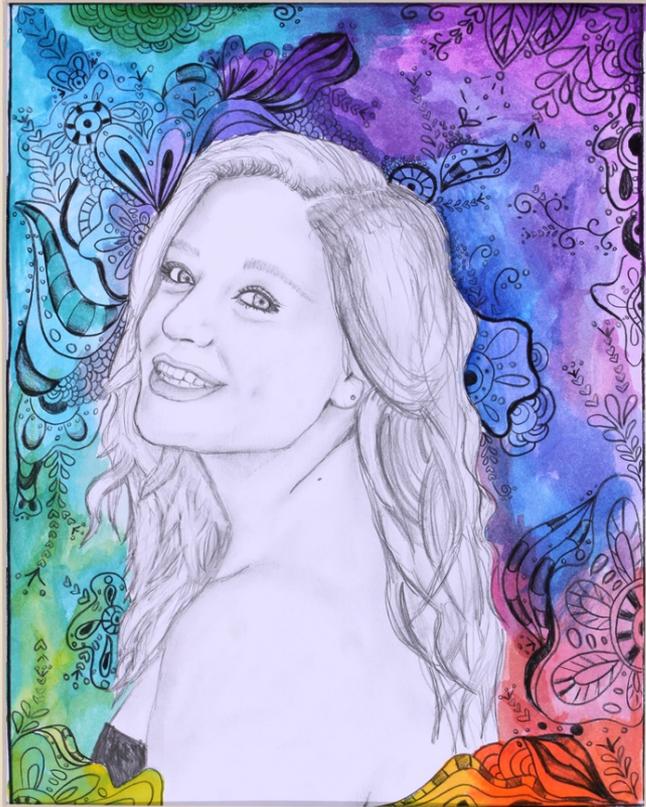

Portraits

Dramatic lighting and unusual view

Self-expression

How do you want to be seen?

Emotional impact

Metallic Reflection

Take a photo of your still life set-up

Drawing from Observation

Make sure your shadows have a high contrast

You may choose other metallic references.
Take on the challenge, look closely and examine
shapes and light and dark values.

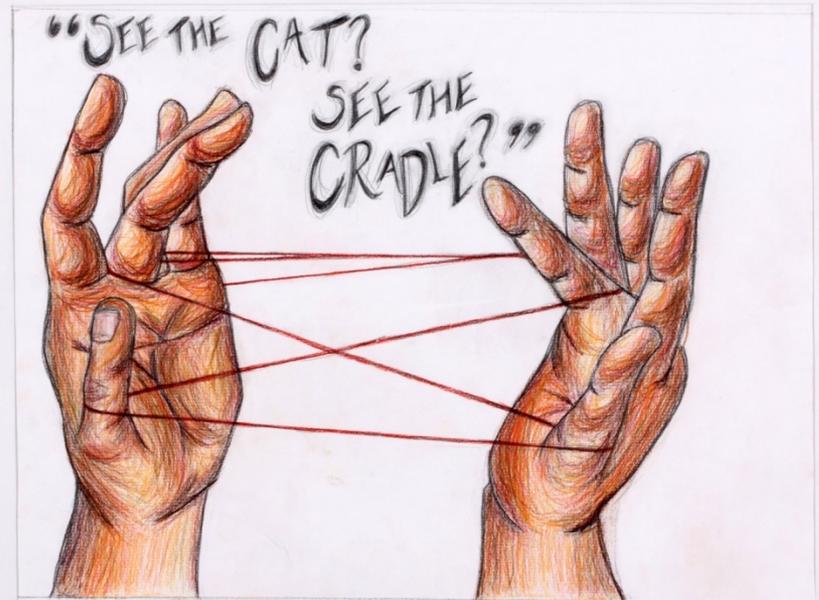

Hands

Adding interesting imagery

Think about backgrounds and avoid text

Avoid cliché images and NO
published photos-make it original

Texture and light

Concentration 1

- You will need to choose a concentration theme.
- This is called a “sustained investigation”. Choose an idea that is a strength for you, that you have a passion for and that may carry you through 15-20 images.

A few things to think about

- No published photos as references
- Work from your own photos, observation and imagination.
- Easily accessible subjects like friends and family, day in the life events, local landscapes... check out this web site for examples:

AP 2D Design Summer Assignments

- Here are a few examples for your AP 2D Design Summer Assignments.
- Look through them as examples, but understand they are only a springboard to give you some idea of where the project can go.
- You are the artist here, so go all out and use your imagination, sense of design and skills to make personal and creative images.
- Yay, You!

Last word on Summer Assignments

- These assignments are designed to give you an opportunity to sharpen your skills and use your imagination, creativity and passion for your art.
- Do your best, but remember that you still have a whole school year of AP Art to go. It will be a challenge, but if you love art, it should be fun too.
- Make your work as personal and original as possible.
- And most importantly, BRING ALL of your summer work to school the very first day of school.
- Yay, YOU!
