## Principal Message

Dear Wolves,

Eastlake High School works to embed our Mission and Values into the fabric of our school through a focus on five goals.

### Eastlake Common Goals

- Support students through a positive, personalized and inspiring culture
- Engage and challenge students through well-designed instruction
- Support students in their development of character and citizenship
- Provide students the time and support to meet our high expectations
- Provide students with the knowledge and skills to make thoughtful decisions in high school and beyond

Previously I explained our efforts to help students make thoughtful decisions as they choose classes, and begin to determine their future ambitions. Another central goal focuses on creating a positive, personalized and inspiring culture both inside and outside the classroom. In addition to the efforts of our leadership students, our coaches remain committed to providing an incredible experience for students in the pod, on the course or between the lines on the court. Our club advisors also commit themselves to providing an amazing experience for students, allowing them to learn while pursuing their passions. These activities also educate, teaching life lessons about effort, teamwork and perseverance, important concepts in our Eastlake Values.

Teachers also make an intentional effort to create a positive, personalized and inspiring culture. We work as a staff to consistently show up with a positive demeanor. We learn strategies for developing quality student relationships and how to establish a classroom belief in growth mindset, where students understand that intelligence is fluid not fixed, where they believe that with practice and perseverance they can learn to draw or be good at math.

Teachers also understand that quality relationships improve student learning. That's why they stand at their doors to welcome students prior to class. That's why they smile, ask students questions about their lives and honestly listen to the answers. That's why they use names when they call on students in class.

It's all these little things that allow big things to happen. That's how we try to make every student feel like school is just an extension of home.

WSPS

### Sammamish Rotary Student of the Month - Jamie Lee

"Jamie is an exceptional young woman and a top-notch student. As a 10th grader, before she was even in my class, Jaime approached me with the idea of starting an Eastlake Chapter of the National English Honor Society. I was taken aback by her ambition and maturity. Many students would not approach they don't know with a somewhat risky idea.

I agreed to be the staff sponsor for the club, but Jaime has continued to work with her peers to set things up. I have watched her run meetings, establish a positive culture within the club, and show real leadership potential.

Now she is in my AP English class and her ambition, intelligence, and creativity continue to emerge daily. Our Humanities department has 28 teachers and we are proud to have a student win the award who has been such a brilliant representative of English to the entire school"

-Rob Jones Eastlake Humanities teacher.
