Principal Message

Dear Wolves,

We have had an upbeat and energetic start to the school year. Student leaders have been outside every morning welcoming their classmates to school with encouraging words and high fives. Students light up at being so warmly welcomed, which is a tall order for teenagers at 7:00am.

This year, we will continue to focus on building a positive culture, where we are intentional about how we work together, how we work with, listen to and learn from students, and how students interact with one another. We know that relationships matter!

We want students to feel connected and valued. Our Link Leaders and Leadership students consistently reach out to make students feel connected. However, students need to reciprocate by getting invested and involved. We have lots of clubs ranging from Anime to Robotics. Students can find a list of [Eastlake Clubs](#) on our website. There will also be a Club Fair at Eastlake on September 25th.

If students don't find a club they want to join, start one. If they find something at school that they don't like, change it. We want students to invest in making this a great experience. We also value student input. We will continue our Student Wolf Chats, where twice a month we randomly select students to meet with Administration during Homeroom. Here are some common themes we heard from students in the past:

1. Relationships matter to student learning. When teachers take the time and make the effort to connect with students, students respond by working harder and learning more.
2. Students feel more comfortable approaching teachers for help when they have a positive relationship.
3. Students learn more from doing than passively listening.
4. Students want their learning to be relevant to their lives and futures.
5. Students want to learn together, and take the time to get to know each other before they work as a group.

It's PSAT time!

If your student is in 11th grade, this is the year for them to officially take the PSAT/NMSQT test at EHS on October 11, 2017. The test will be here at EHS and is built into the school day for Juniors. The test is optional, but about 90% of Juniors take this test. It will prepare students for the SAT and it will enter

students in the National Merit Scholarship program for recognition and scholarships. This is not to be confused with the Fear Free practice SAT tests offered on the weekends at EHS- this is the only test that will get them connected to national scholarships. The PSAT test is \$16 and you can purchase online with Parent Access or students can bring in payment- cash or check made out to EHS. Deadline to register for the test is October 4th, 2017. There will be no refunds after October 4th due to administrative and test costs. 10th graders will take the PSAT with no registration or fee required. Please see Mrs. Harrison in Counseling if you have questions.
