

Lake Washington School District

Eastlake High School

400 228th Ave. N.E., Sammamish, WA 98074 | 425 936-1500

Eastlake Credo: At Eastlake, through intentional actions, we create an environment where students and staff feel safe, appreciated and loved. This is Eastlake. This is home.

This is family. **WSPS.**

Dear Wolves,

Eastlake High School works to embed our Mission and Values into the fabric of our school through a focus on five goals.

Eastlake Common Goals

- Support students through a positive, personalized and inspiring culture.
- Engage and challenge students through effective instruction.
- Support students in their development of character and citizenship.
- Provide students the time and support to meet our high-expectations.
- Provide students with the knowledge and skills for success in High School and Beyond.

Previously I explained our efforts to engage and challenge students through effective instruction. Another central goal focuses on creating a positive, personalized and inspiring culture both inside and outside the classroom. In addition to the efforts of our leadership students, our coaches remain committed to providing an incredible experience for students in the pool, on the course or between the lines on the court. Our club advisors also commit themselves to providing an amazing experience for students, allowing them to learn while pursuing their passions. These activities also educate, teaching life lessons about effort, teamwork and perseverance, important concepts in our Eastlake Values.

We work as a staff to consistently show up with a positive and enthusiastic demeanor and quickly recover this mindset when we become stressed or frustrated. We implement consistent strategies for building and maintaining quality student relationships that allows us to push students to learn and grow and support them in the process. We also help students believe in themselves, where students understand that intelligence is fluid not fixed, where they believe that with practice and perseverance they can learn to draw or be good at math. We also understand that quality

relationships improve student learning. That's why teachers stand at their doors to welcome students prior to class. That's why they smile, ask students questions about their lives and honestly listen to the answers. That's why they use names when they call on students in class. All the little things allow big things to happen. That's how we try to make every student feel like school is just an extension of home.

Wolf Strong, Pack Strong
