Eastlake Credo: At Eastlake, through intentional actions, we create an environment where students and staff feel safe, appreciated and loved. This is Eastlake. This is home.

This is family. **WSPS.**

Dear Wolves,

As we approach Thanksgiving, I would like to take time to give thanks. I am very grateful to work in a school full of amazingly kind and talented kids. I am thankful to our parents for supporting our efforts at creating a world class education for kids. Finally, I am grateful to be a part of an amazing staff that takes these ingredients and cooks up an awesome experience for kids.

Thank you for all your support in making Eastlake a great place for Staff to work and students to learn and grow.

Wolf Strong, Pack Strong

American History Traveling Museum - Unspoken Truths

Please join us at Eastlake High School for a special community event Tuesday December 3rd from 6:30pm to 8:00pm. Eastlake's Black Student Union presents Delbert Richardson's award winning American History Traveling Museum: Unspoken Truths.

About the Museum: "The founder of The Unspoken Truths has passionately collected and amassed an admirable assortment of artifacts that symbolizes the African experience in the Americas and Europe. They are joyful relics of family moments, and everyday products invented or patented by African Americans – the ironing board, cell phone technology, golf tees, and a pencil sharpener. They are also the crude reminders of a painful past: A runaway slave collar – circa 1800. Branding irons. Shackles. A shotgun. All are equally displayed in The Unspoken Truths African American Museum.

The "Unspoken" Truths American History Traveling Museum chronicles the rich history of Africans in Africa prior to American Chattel Slavery, the experiences and impact of American Chattel Slavery, Jim Crow Era, and the many contributions African Americans have had on scientific, cultural, and technological (inventions) innovations in the U.S. and the world."

The museum is open to all ages and will be set up in the Eastlake High School Library.

In addition to the evening event, the PTSA is funding an **all-day viewing of the museum for Eastlake's Junior Class December 3rd**. The museum will be open from 7:30 am to 2:20pm and is appropriate for ages 15+.

Eastlake Unified Robotics - Congratulations!

Shout out to our amazing Eastlake Unified Robotics team that competed in the "Special Olympics Robotics Championship" November 17th at the Seattle Center. Eastlake earned third place with our killer "Wolf Pack Green Robot". There were 36 teams competing on the 4 fields that day.

The 24 young athletes and partners, with and without disabilities, representing Eastlake also won "The Sprit Team Award" and the "Rising Star Award".

Becca Goldfarb, Jorey Anderson and Matthew Rogan opened the Special Olympics Ceremony as the National Anthem singers, followed by the athlete and partners parade. All of this in front of 400 people.

"It was a great day to remind us that living inclusive lives brings us all together as a stronger community," said Eastlake teacher, Helly Harel.

Shout outs with special thanks to Eastlake Top Gun Robotics Team members: Alexia Follet, Alec Grassi, Lakshmi Rajesh, and Shreya Celes that partnered with us and helped build and program the robots. We couldn't have done it without you!

Rotary Student Of the Month - November

Senior Medha Kumar was chosen as the Sammamish Rotary Student of the Month for November, representing our Humanities Department. She was honored on November 14th at the Rotary Breakfast.

Medha Kumar embodies the traits that we want in a humanities student. She excels within the humanities classroom, taking advanced level courses in both history and English each year at EHS while maintaining an excellent GPA. Our department places strong value on social justice, and Medha is a student who truly seeks to make the world around her a more just and equitable place through her writing, speaking, and advocacy. The last two summers, she has interned for local KUOW's student podcast journalism RadioActive, creating and editing podcast episodes and radio stories that cover a broad range of topics from personal interest to social justice, including episodes about the importance of saying student's names correctly, the crisis of school shootings, and the impact of maintaining her own long-distance relationship with her grandfather in India. She blends her ability to communicate both the significance of the issues as well as the emotional connections to topics. -Chris DeVidal

Did You Know? - Triple C's

Hi Everyone! This is Allyse DiRe-Day, your Prevention Interventionist from Youth Eastside Services. I wanted to share some information to know about Triple C's. I have heard more talk about this again among the teens I work with and it's something to be aware of. Triple C's is a cough medicine that is being used to get high. It's a hard one to catch because usually when we see kiddos with cough/cold medicine we don't think much about it.

For more information about Triple C please click [here](#). My office hours at Eastlake are on Tuesdays and Fridays from 8:45AM-2:15PM and can be reached by email.- [Allyse Dire-Day](#)
