Eastlake Credo: At Eastlake, through intentional actions, we create an environment where students and staff feel safe, appreciated and loved. This is Eastlake. This is home.
This is family. **WSPS.**

Dear Wolves,

Eastlake has a holistic perspective on education, where we not only teach students to think but to act and interact in a healthy and helpful manner. We want to help students conduct themselves responsibly and with integrity. We want students to understand the importance of personal wellness, where ambition and competition are not at the expense of each other, or one's own mental health. We want to not only put students in groups to learn but teach them to learn as a group.

Research suggests that performance character such as work ethic and the ability to persevere through challenges are more predictive of long term success than GPA and SAT, so we help students form habits, that will then form them for the rest of their lives. In Grade 9, we leverage the AVID WICOR strategies to teach skills such as organization and note-taking. These students also learn time-management and the importance of goal setting, progress monitoring and reflection, because we know that sometimes it's about working smarter, and not just harder. Through classroom content and instruction, students learn the importance of civic engagement and social justice. Students also learn about the biology of the teenage brain and how it connects to learning and decision making.

We plan and then take intentional steps to help students become better people and more productive citizens.

Eastlake Black Student Union Presents - American History Traveling Museum

Please join us at Eastlake High School for a special community event Monday December 3rd from 6:30pm to 8:00pm. Eastlake's Black Student Union presents Delbert Richardson's award winning American History Traveling Museum: Unspoken Truths.

About the Museum: "The founder of The Unspoken Truths has passionately collected and amassed an admirable assortment of artifacts that symbolizes the African experience in the Americas and Europe. They are joyful relics of family moments, and everyday products invented or patented by African Americans – the ironing board, cell phone technology, golf tees, and a pencil sharpener. They are also the crude reminders of a painful past: A runaway slave collar – circa 1800. Branding irons. Shackles. A shotgun. All are equally displayed in The Unspoken Truths African American Museum.

The "Unspoken" Truths American History Traveling Museum chronicles the rich history of Africans in Africa prior to American Chattel Slavery, the experiences and impact of American Chattel Slavery, Jim Crow Era, and the many contributions African Americans have had on scientific, cultural, and technological inventions innovations in the U.S. and the world."

The museum is open to all ages and will be set up in the Eastlake High School Library. For more information about the Museum please visit the website: <https://www.theunspokentruths.com/>. For questions about the event please contact [Rachelle Horner](mailto:Rachel.Horner@lwsd.org).

Attendance Matters

Students with more than 10 absences per semester are labeled "**Chronically Absent**" and be required to conference with their counselor. If you can secure a doctor's note, the affected absences are not included in the Semester Total of 10.

Is Your Student Having Trouble Connecting to WiFi at Home?

If your student still can't connect to their home WiFi with their school laptop Help Central has updated that situation. Students who still cannot connect at home should do a **full restart at school on campus** and that should allow the laptop to receive the policy that will hopefully fix the home connectivity issue. If students continue to have problems after trying this fix they should take their device to the library for assistance.
