College in the High School Information Night

February 21 7:00PM

It's almost time to register for next year's courses. Eastlake High School offers a broad selection of rigorous Advanced Placement and University of Washington opportunities. These are dual-credit courses, which means students are able to earn college credit and high school credit at the same time. Please join us in the theater on February 21st to learn about them. We'll

Flexisched

start in the theater with a general overview including the testing process, fees, and how students can earn college credit from these courses. Then we will transition to the Commons so students and parents can meet the individual teachers. This is an opportunity to learn homework expectations and possible summer requirements, and you can ask the teachers questions about specific courses you might be interested in.
