WSPS

Dear Wolves:

No matter how successful we become at remote learning, it will never replicate the vitality of our school or the vibe inside our classrooms. However, our teachers have worked incredibly hard to provide meaningful learning experiences amidst a forest of complexities and constraints.

This week we celebrated Teacher Appreciation Week. Our PTSA sent daily messages and created a video of students expressing their gratitude. I know that our students and parents join me in thanking our teachers for their efforts throughout the year, and especially during this difficult time of unappealing options and missed opportunities.

We also want to remind all students that they still need to engage during this time to maintain a passing grade. If they do not, regardless of their grade at closure, they may receive an Incomplete, which could jeopardize Graduation!

We are all trying to make the best of these challenging circumstances.

Eastlake Seniors Class of 2020 - Darcie Breynaert

We understand the impact this school closure has had on all students, especially the Class of 2020, who have missed out on some important experiences, whether that's their final year in high school sports, a chance to sing in Carnegie Hall, or simply just the opportunity to hang out with their friends in the spring of their senior year. As you know, my daughter is a senior at Eastlake, so this loss is deeply personal to me.

We also understand that sometimes it's important to communicate, even when you don't have all the answers, to assure people that we are working to make the final experience for seniors as special as possible. Our communication has been delayed as we waited for clarity around Governor Inslee's stay-at-home order and the LWSD interest in consistency and safety across schools. Although we do not have all the specifics at this point, we wanted to communicate decisions.

Eastlake will host a virtual Graduation on June 15. We have contracted with Jostens to make it a special celebration. We will also still celebrate Delivery Day, Destination Day, Senior Awards and the Moving Up Assembly. We hope to add a more personal component to some of these celebrations. Whether a car parade or an opportunity for students to receive their diploma in person, we will make that determination over the coming weeks as the phased reopening unfolds.
