AVID Volunteers Needed

As you may know, LWSD introduced a program called AVID (Advancement Via Individual Determination) at Eastlake High School this school year.

EHS PTSA Page

We're looking for volunteers to facilitate a small group of 9th grade students Wednesdays and Fridays 8:15-9:00 a.m. and/or 10th grade students Tuesdays and Thursdays 8:15-9:00 a.m. Ideally, the volunteer would be able to commit to coming both days for one grade level, but understand that this is a huge commitment and would gladly accept anyone who would be willing to help our students even one day a week for one class period.

If you're interested in learning more about the [AVID program](#), there will be an info session on August 30th at the Resource Center from 1:00-2:00 p.m. Additional training will be provided at EHS for all interested volunteers on September 15th, 8:00-noon.

Thank you for volunteering your valuable time to LWSD!

PE Credit Options

In accordance with state law, individual students may be excused from participating in physical education under certain circumstances. Such excused students shall be required to demonstrate proficiency/competency in the knowledge portion of the fitness requirement through participation in a district-approved and administered assessment or fitness plan. The dates that these options will be offered for 2018-19 will be posted by June 30 on the [district website](#). Students in the Class of 2019 and 2020 who choose the Fitness Plan option will be able to download directions for the fall submission at the end of June.

New LWSD Volunteer System

This summer, Lake Washington School District's volunteer application system will be transferred from its current system to a volunteer system developed by Raptor Technologies, Inc. Raptor is used across the nation in many school districts and is considered the industry leader.

Information for all current volunteers will be transferred into the new volunteer system. Instead of logging in to Parent Access, parents will log in to the Raptor system to complete and update their volunteer applications.

The volunteer application system will have a blackout window for a period of time over the summer while the system is updated to Raptor. More information about the Raptor volunteer system will be available prior to the start of the 2018-19 school year.

Time to Talk About Laptop Rollout!

2018 Laptop Roll Out in EHS Library: Freshman and New Students need to bring a signed laptop agreement form by parent, returning EHS students have already turned in a form that lasts until they graduate, so returning students do not need to turn in a form. More information about the LWSD Mobile Access for Students (laptop program) can be found at

Schedule

Monday Aug 27th 8am - 1pm 9th grade Laptop Roll Out
Tuesday Aug 28th 8am - 1pm 10th grade Laptop Roll Out
Wednesday August 29th 8am - 1pm 11th grade Laptop Roll Out
Thursday August 30th 8am - 1pm 12th grade Laptop Roll Out

Outdoor Adventures Class GEAR DRIVE

If you have any unused outdoor gear that you are ready to part with, please consider donating to this growing class. There will be a bin outside the front office, or contact [Lena Hanson](#) for direct pick-up. Thank you!

Examples: hiking (backpacks/gear), camping, fishing, climbing, etc.

Eastlake Alumni Spotlight

Mason Starr, a 2015 Eastlake graduate offered to stop by Mr. Retzlaff's AP physics and UW Astronomy classes to present on his research related to the Mar's rovers. Mason has become involved in an undergraduate research program at Western Washington University that does spectral analysis of images taken by the Opportunity rover. Mason analyses the images as soon as they are downloaded from the rover and is on the front lines of analyzing the images through "Reflectance Spectroscopy". This is a technique student learn about here at Eastlake in UW Astronomy thanks to a grant from the PTSA that supplied the reflectance spectrometers! Mason was able to share some interesting insights into the physics, image processing and politics that are involved in Mar's research. His ability to show and communicate to the current high school students that undergraduates can get involved in significant research of real consequence was very inspiring. This summer he will be continuing his research related to the rover images as well as traveling down to Arizona State University to potentially do some calibration work on the Mars 2020 rover to be launched in a couple of years. Hats off to Mason!

2018-19 College Essay Prompts

Summer is a great time for rising seniors to get started on their college essays. Check out the 2018-19 Essay Prompts for [The Common Application](#) and [The Coalition Application](#). Some schools, the [University of California schools](#), use their own application portal and essay questions. Some schools, like Washington State University, do not require an essay under most circumstances. Check with your target schools for application requirements and consider finishing the summer with a draft. Look for essay and application support in Fall Wolf Time sessions as well as Senior English classes.

Letters of Recommendation

Not all schools require Letters of Recommendation but for those that do, students should plan ahead. Ask 4-6 weeks before you need it and consider working on the [Teacher](#) and [Counselor](#) Letter of Recommendation Forms as needed over the summer. Keep in mind that Letters of Recommendation are also often needed for scholarships.

UW Fall 2018 Application

Calling all future University of Washington applicants! The UW application opens on September 1st with a deadline of November 15th. UW will use the [Coalition for Access, Affordability and Success application portal](#) again this year. Students can begin planning their application essays by reviewing the Coalition's [essay prompts and short response supplement](#). Eastlake will host a University of Washington information session and application working sessions for students during Wolf Time on Friday, September 21st.

Financial Aid and Scholarships

EHS Financial Aid and Scholarship Night

Wednesday, October 3, 2018, 7:00 pm, EHS Theater

Tips for Rising Seniors: Out-of-pocket costs is an important factor when choosing a college for many students. Summer is a great time for families to [discuss what is affordable](#). Learn about your possible [Expected Family Contribution](#) (EFC). Although families will not be able to submit the Free Application for Federal Student Aid (FAFSA) until October, you can complete the [FAFSA4Caster](#) now to get an idea about your EFC. While doing college research, make sure to check out the Net Price Calculators required on every college website for an estimate of costs. Scrutinize target college websites for merit aid opportunities and create a scholarship profile on a website like [Washboard](#) too!
