Eastlake Credo: At Eastlake, through intentional actions, we create an environment where students and staff feel safe, appreciated and loved. This is Eastlake. This is home. This is family. **WSPS.**

Dear Wolves,

We are excited for the upcoming 2018-2019 school year. Next week our teachers return to plan and prepare for the start of school. Soon after, our hallways and classrooms will be teeming with the energy and exuberance of students.

Building on our past success, Eastlake will continue to improve so that we provide an incredible experience for every student both inside and outside of the classroom. Our teachers remain committed to providing challenging and engaging instruction in every class, every day. While they challenge students to learn, they support them in this process through a safe, personalized and inspiring culture.

We believe that students need to learn content knowledge and skills, but more importantly, they need to develop the intellectual strength and character necessary for success now and in the future, as captured by our Mission, Values and motto Wolf Strong, Pack Strong (WSPS).

This learning also extends beyond the classroom and into our clubs and athletic teams. Whether between the lines on the court or the lanes in the pool, students learn valuable life lessons about teamwork and perseverance. By building a robot or participating in Chess Club, students learn to think for themselves and solve complex problems.

A sincere thank you to parents and previous teachers for sending us such amazing kids!
