Eastlake Credo: At Eastlake, through intentional actions, we create an environment where students and staff feel safe, appreciated and loved. This is Eastlake. This is home.
This is family. **WSPS.**

Dear Wolves,

Responding to a student survey and staff input, we have chosen to implement two 45-minute Wolf Times on Friday. This change will provide all students the time and support to meet our high-expectations.

This flexible time during the day helps Eastlake meet the various needs of all our students. Wolf Time allows students to access extra support from their teachers during the school day, as well as make up missed labs, assignments or tests. Wolf Time can also mitigate stress and help students balance their busy lives by providing academic work time during the school day.

Wolf Time will continue providing a lot of enrichment opportunities for students. In the past, the World Language Department brought in refugees from Venezuela to speak about their experiences. We accessed the student interest inventory in Career Cruising to invite individual students to a presentation on aerospace science from Boeing engineers. Counselors put on multiple workshops to help students with career and college planning. AP teachers used Wolf Time for final preparations before the test. We even offered yoga for students who preferred a calming experience in the middle of the day. We will continue to expand these enrichment opportunities for students during Wolf Time.

Wolf Time is also instructional time where all students are required to be in their assigned location. If a student misses one Wolf Time they will be marked absent in their 4th period class. Skipping Wolf Time may also result in school service.

For Wolf Time, we use a sign-up program called FlexiSched. Using this website, students or teachers can make requests, and the school can track attendance. This week students started making choices of where to be during Wolf Time.

Throughout the year, we will keep you posted on upcoming Wolf Time activities. Parents can also help by talking with your student about where they plan to spend their time, or simply just reminding them to sign up for Wolf Time sessions on Wednesday during Period 4.

Students can find information on enrichment activities via announcements, Facebook posts or from their teachers. To sign up for Wolf Time offerings, students need to use Firefox to access the following:
